Chief,

I wanted to ask you a follow up question on what you told me during our last conversation. You had told me that the S2 Section permitted soldiers to place a shortcut for an executable file on the desktop of the DCGS-A computers or to run an executable file from a CD on their DCGS-A computers. Do you recall when this guidance was put out? Also do you recall who might have said that this was permitted? Thank you.

Best,  
David
